

Alexander von Humboldt
Stiftung/Foundation

Fully funded Postdoctoral Research Fellowship (including move and family allowances)

Funded by the Henriette Herz Scouting Programme, I am recruiting a **2-years** fully funded Postdoctoral Fellow (see offer details below) to join my lab in **Aachen, Germany**.

Composition and Focus of research group:

The focus of my research group is Immune-Lipid Crosstalk in cardiovascular disease. The majority of the ongoing projects focus on inflammation and atherosclerosis, although several side-projects are ongoing focussing on other pathologies like chronic kidney disease, liver steatosis and thrombosis.

The group is a very **international and social** one consisting of 2 Postdoctoral Fellows, 4 PhD-Students and 2 Technicians, complemented with a variable amount of Master and Bachelor students.

What can we offer:

- Fully funded postdoctoral fellow position for 2 years (lump sum: **2,670 euro / month**)
- Lump sum for **travel/moving expenses**
- **Language fellowship** for intensive German language course (also for marital partners)
- **Family allowances** for accompanying family members (346 euro for marital partner and up to 274 euro for each child)
- **Additional extension** of the fellowship up to 12 months for Fellows accompanied by children under the age of 12

Requirements for the candidate:

- Doctorate completed within the last 12 years
- Above average publication record
- Have not undertaken research stays in Germany (and not a German national)
- Good English skills
- No previous application to the Humboldt Foundation

Interested?

Please send CV including publication list and letter of recommendation **before 30.10.2022** to: evandervorst@ukaachen.de
